

# GifWallet!

by Shayna Cummings

## Concept

Animated Gifs are essential to all things internet. Even the most casual internet user probably has a collection of their favorite go-to gifs!

This application will allow internet users to:

- Store links to their favorite gifs on the internet for easy access
- View, at a glance, all their favorite gifs on the internet
- Categorize their gifs with tags
- Share their gifs with other users
- View, at a glance, all gifs saved by other users
- Instantly convert their gifs to HTML5 video for faster loading
- Get an instant sample of the most popular gifs on Reddit

## User Stories

**As** a poster to forums like Reddit

**I want** to collect all of the URLs of my favorite gifs

**So** I can post them quickly, without having to Google for things

**As** an internet user

**I want** to have access to a collection of gifs

**So** I can discover new ones

**As** an internet user

**I want** to see the most popular gifs instantly

**So** I can enjoy them

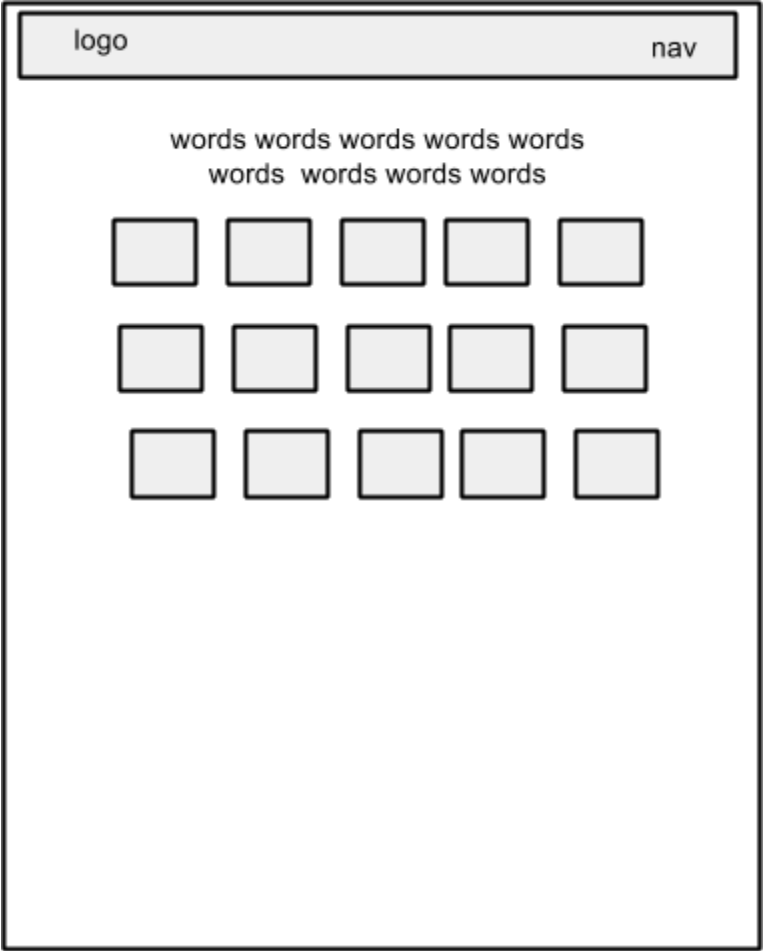

**As** a user of mobile data

**I want** my gifs to be smaller in size

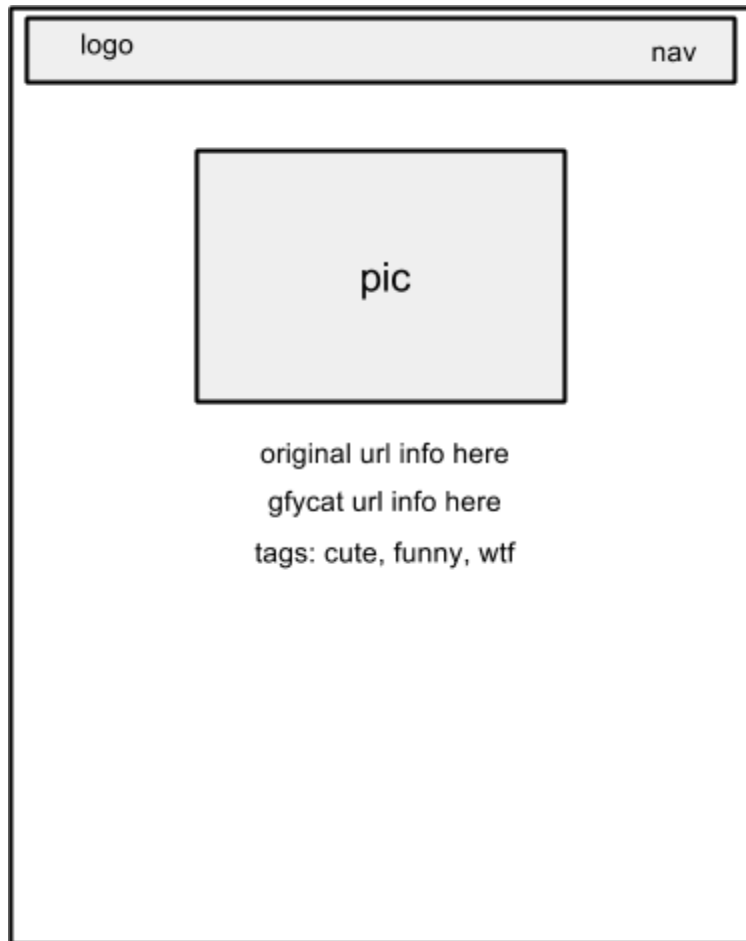

**So** they will load faster and use less data
